

Sweet, bookish Neve Slater always plays by the rules. And the number one rule is that good-natured fat girls like her dont get guys like gorgeous, handsome William, heir to Neves heart since university. But Williams been in LA for three years, and Neves been slimming down and re-inventing herself so that when he returns, hell fall head over heels in love with the new, improved her. So shes not that interested in other men. Until her sister Celia points out that if Neve wants William to think shes an experienced love-goddess and not the fumbling, awkward girl he left behind, then shed better get some, well, experience. What Neve needs is someone to show her the ropes, someone like Celias colleague Max. Wicked, shallow, sexy Max. And since hes such a man-slut, and so not Neves type, she certainly wont fall for him. Because William is the man for her... right? Somewhere between losing weight and losing her inhibitions, Neves lost her heart - but to who?
